Ask Erik Computer Services

VIRUS REMOVAL

If your computer gets infected, bring in your system for a removal with no questions asked.

GENERIC REPAIR

If your computer blue screens or your operating system corrupts, we're here to save the day. Also, if a piece of hardware fails, we'll fix that with labor included.

DATA TRANSFER

Ever think about purchasing a new or additional system for yourself? We'll transfer your files on your existing system to your new one.
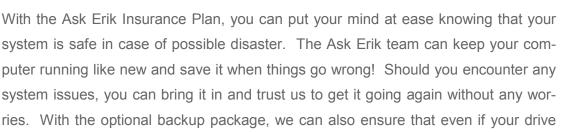

DATA BACKUP SERVICE

Be proactive and backup your data before any hard drive failures! With Ask Erik Backups, never worry again about losing your irreplaceable photos, documents and other files. Also, we'll restore your backup to a new drive if your existing one ever gives.

OPTIMIZATIONS

A bi-annual tune up service in shop that keeps your computer running like new. We clean your system inside out to speed it up and keep it running optimally. Also, we'll upgrade hardware with labor included.

Introducing the Ask Erik System Insurance Plan

We Got You Covered

With the Ask Erik Insurance Plan, you can put your mind at ease knowing that your system is safe in case of possible disaster. The Ask Erik team can keep your computer running like new and save it when things go wrong! Should you encounter any system issues, you can bring it in and trust us to get it going again without any worries. With the optional backup package, we can also ensure that even if your drive dies, your data will always be secure and can be restored by you or our team on demand! Whether you're an individual or running a small business, get your technology insured starting from as little as $25 a month! Never worry about downtime again and give yourself the peace of mind that the Ask Erik Prevention Plan offers!
